- Assess your horse's fitness and devise a fitness program accordingly.
- Learn your test, course or showing routine?
- Look at your feeding regime energy requirements may need supplementing if you're increasing workload or you may need to stock up on electrolytes etc. to aid recovery and/or to encourage hydration at
- When might you need to schedule farrier/dentist/saddle/physio appointments before shows.
- Is your tack in good working order?
- Service your lorry or trailer making sure MOT/tax/insurance is all up to date or book/arrange transport
- Pack everything you need in good time.
